DAVIDSON COLLEGE DIVISION.-Bro. M. M. Tye writes :- "This Division is in a very flourishing condition. We received two members last meeting and expect several new lady visiters next meeting. We have some of the right material here to keep the ball rolling. May our banner wave triumphant over king alcohol, is my sincere desire."

IREDELL COUNTY .- We learn from the Statesville Express, that the Temperance banner has been unfurled anew in the Western portion of Iredell. At a re-organization of Mt. I have discovered the existence of a secret association, having for its object the liberation of slaves of the South by a general insurrection. The leader of the movement is old John Brown, late of Kansas. He has been in Canada during the winter drilling negroes, and they are only waiting his word to start for the South to assist slaves. They have one of their leading men, a white man, in an armory in Maryland, but where it is situated I am not able to learn. As soon as everything is ready, those of their number who are in the Northern States and Canada are to come in small companies to the rendezvous, which is in the mountains of Virginia. They will pass down through Pennsylvania and Maryland, and enter Virginia at Harper's Ferry. Brown left for the North about three or four weeks ago, and will arm the negroes and strike the am not fully in their confidence. This is all the information I can give you.
